The Aon Active Health Exchange™

1. What is an exchange?

An exchange is a way for you to get medical, dental, vision, and other coverage. It is an online insurance marketplace where buyers like you can shop for coverage from multiple health insurance carriers who are competing for your business. An exchange merges the best of both worlds: group rates with more individual choice and price competitiveness that comes from free-market competition.

The Aon Active Health Exchange is America's first national, large-employer, multi-insurance carrier exchange. Its website is easy to navigate and, just like other online stores, you'll be able to see all your options and sort by the features that are most important to you. By the time you complete your enrollment, you should feel confident that you've selected the right coverage options for your circumstances and budget.

2. Is Aon's exchange sponsored by the government?

No. The Aon Active Health Exchange is a private exchange. It is unrelated to the government-run state and federal health insurance exchanges, or marketplaces. It does, however, provide benefits consistent with applicable law and guarantees coverage for those eligible, regardless of pre-existing conditions.

3. What are the advantages of the exchange?

The medical and prescription drug, dental, and vision benefits available through the exchange offer you:

- **Lots of choices.** Traditionally, you got to choose from the health plan options offered by the company. Through the exchange, you're able to choose from several coverage levels, a variety of insurance carriers, and a range of costs.
- **Competitive pricing.** The insurance carriers are competing for your business. So it's in their best interests to offer their best prices. Plus, Premier Company will provide a credit to use toward the cost of medical and dental coverage.

In addition, you have the option to enroll in other valuable benefits—including supplemental life insurance, supplemental accidental death and dismemberment (AD&D) coverage, voluntary long-term disability coverage, critical illness insurance, hospital indemnity insurance, accident insurance, legal services, and identity theft protection. Also, you can get discounted rates for auto and home insurance, pet insurance, and international vacation medical coverage through the exchange.

You also have help when you need it. There are great tools and resources to help you every step of the way. See question #5 for details about tools and resources.

4. Why is Premier Company moving our benefits to the exchange?

U.S. employers' health care costs have grown significantly in recent years and, without aggressive action, would continue to increase dramatically in coming years. Our experience at Premier Company has been no less dramatic and wouldn't be sustainable for the future.

There are several reasons why the exchange is an attractive solution:

- Exchange plans are fully insured. That means the insurance carriers—**not** Premier Company—are responsible for the cost of claims. We'll show our commitment to help employees pay for health care coverage through a credit. Since the amount of the credit will not change during the year, our health care spending will be much more predictable. Offering a credit also ensures our benefits remain affordable to you.

- The exchange approach will also help slow the upward trend of health care costs. By making insurance carriers compete directly for your business, instead of competing for our business as a company, they have more incentive to offer their best possible price.
- Buying health care coverage through the exchange also gives you more choice, since Premier Company no longer has to choose options based on what's most affordable and best suited to the **general** needs of our population. Now you'll have more control over the coverage you choose.

5. Where can I get more information?

There are lots of resources available to help before, during, and after enrollment.

Before and during enrollment:

- **Make It Yours website** (first available with 2024 information on October 11, 2023)—Visit premiercompany.makeityoursource.com to learn about the exchange, your coverage options, and choosing the right coverage for you and your family.
- **Your Carrier Connection** (available through the Make It Yours website)—Visit each carrier's preview site to get up to speed on provider networks, prescription drug information, and other carrier resources.
- **The Premier Company Benefits website and Aight Mobile app** (first available on November 1, 2023)—When it's time to enroll, log on to the Premier Company Benefits website at premiercompany.benefitsnow.com or the Aight Mobile app (available through the [Apple App Store](#) or [Google Play](#)) to compare your options and prices, get helpful decision support, and enroll.

Questions? Once logged on to the Premier Company Benefits website, look for the "Need Help?" icon to ask Lisa, your virtual assistant, any questions you may have. Lisa can also connect you with a web chat representative and other helpful resources. For additional support, you can schedule an appointment with a customer service representative through the Premier Company Benefits website. You can also call the Premier Company Benefits Center at **X.XXX.XXX.XXXX** from 8:00 a.m. to 6:00 p.m. ET, Monday through Friday.

Managing your benefits beginning January 1:

- **Make It Yours website**—Visit year-round for practical tips that help you and your family get the most out of your benefits. Get the "[The Inside Scoop](#)" on how to work the health care system, be a savvy shopper, and save money.
- **Your Carrier Connection** (available through the Make It Yours website)—Take advantage of the tools, resources, and information offered through your insurance carrier. For questions about your coverage, always start with your carrier. They know their plans best and have the final authority on all claims, billing disputes, etc.
- **The Premier Company Benefits website and Aight Mobile app**—Access your personalized coverage details and manage your benefits throughout the year.
- **Additional support**—If you need help with more complex coverage issues, call **1.866.300.6530** and ask to be connected with a Health Pro. Health Pros can explain how benefits work and help resolve issues. Bill negotiation representatives can help review and negotiate out-of-network medical bills. And, expert second opinion with 2nd.MD makes it easy to get a virtual second opinion from nationally recognized doctors.

Enrollment

6. What will I need to do?

Between November 1 and November 15, 2023, you must enroll or you will not have medical, dental, or vision coverage, supplemental life insurance, supplemental AD&D coverage, voluntary long-term disability coverage, critical illness insurance, hospital indemnity insurance, accident insurance, legal services, or identity theft protection through Premier Company next year. Keep in mind, if you don't select medical coverage, you won't have prescription drug coverage either. To contribute to a Health Savings Account (HSA) (if eligible) or to a flexible spending account, you must make an active election.

To enroll, log on to the Premier Company Benefits website at premiercompany.benefitsnow.com or the Aight Mobile app during the enrollment period. Over the course of the enrollment process, you'll need to:

- Enroll the eligible dependents you want to cover in 2024.
- Choose the insurance carriers and coverage levels you want for your medical, dental, and vision benefits.
- Enroll in the rest of your benefits.

7. How do I create my user ID and password for the Premier Company Benefits website?

If you are a new user, you will need to set up your user ID and password, which are needed to access your account through the Aight Mobile app (available through the [Apple App Store](#) or [Google Play](#)).

- Go to the Premier Company Benefits website and select **New User?**;
- Enter the last four digits of your Social Security number and your date of birth to authenticate your account;
- Create your user ID and password; and
- Create answers to security questions to verify your identity if you forget your user ID or password in the future.

8. How do I reset my password for the Premier Company Benefits website?

To reset your password, go to the Premier Company Benefits website, click **Forgot User ID or Password?**, and follow the prompts to reset your password. You will need your user ID and password to access your account on the Aight Mobile app (available through the [Apple App Store](#) or [Google Play](#)).

9. What are my options for medical and prescription drug coverage?

You have several coverage levels to choose from, including Bronze, Bronze Plus, Silver, Gold, and Platinum. Each coverage level is available from multiple insurance carriers at different costs. When you enroll, you'll be able to compare benefits and features across your medical options.

10. What happens if I enroll in a Bronze, Bronze Plus, or Silver medical option and have expenses shortly after my coverage begins?

If you enroll in a high-deductible medical option, you should be prepared to pay up to the cost of your deductible—in case you have significant medical expenses shortly after your coverage begins. Even if you start contributing to an HSA right away, your HSA may not yet have enough money to cover costly services early in the year. One option is to pay for those early expenses out of pocket and then, when

your account balance grows enough to cover the qualified expense, reimburse yourself from your HSA. This is a good reason to make sure you're saving enough in an HSA.

11. I live in California. How are my medical options different?

Your options will be different, depending on the insurance carrier you choose.

For starters, each insurance carrier in California can choose to offer each coverage level either as an option that offers in- and out-of-network benefits (e.g., a PPO) or as an option that offers in-network benefits only (e.g., an HMO).

Also, insurance carriers can choose to offer either the standard Gold option or a Gold II option—not both. The Gold II option only offers in-network benefits.

The Gold option is offered by Aetna, Blue Cross Blue Shield of Illinois, Cigna, and UnitedHealthcare. The Gold II option is offered by Health Net and Kaiser Permanente.

[Learn more](#) about your California coverage options and insurance carriers.

12. Will I be able to use the same providers as I do today?

It depends. Each insurance carrier has its own network of preferred providers (e.g., doctors, specialists, hospitals). If you want to keep seeing your current doctors, select an insurance carrier that includes your preferred providers in its network. If you are comfortable changing doctors, select an insurance carrier whose network includes providers critical to your care.

Even if you can keep your current insurance carrier through the exchange, the provider network could be different and can change, so always check the provider directories before making a decision.

Do not rely on your provider's office to know the carriers' network(s). To see whether your doctor is in network:

- Check out the [insurance carrier](#) preview sites.
- When you enroll, check the networks of each insurance carrier you're considering on the Premier Company Benefits website. You can access this information by clicking **Find Doctors** when you're selecting your medical plan. For the best results:
 - Search for your provider by name—not medical practice.
 - Check only the office location(s) you are willing to visit.
 - When searching for a facility, use the complete facility name and confirm whether the specialty of the facility is covered in-network.

Important! If you have any uncertainty (for instance, covering out-of-area dependents) or you need the network name, you need to call the insurance carrier.

13. Why should I use in-network providers?

Seeing out-of-network providers will very likely cost you substantially more than seeing in-network providers. For example, you will pay more through a higher deductible and higher coinsurance. You'll also have to pay the entire amount of the out-of-network provider's charge that exceeds the maximum allowed amount, even after you've reached your annual out-of-network out-of-pocket maximum. And certain Platinum options (and certain options/carriers in [California](#)) won't cover out-of-network services at all.

14. How should I choose a medical insurance carrier if my dependents and I live in different states?

Because you and your dependents must enroll in the same option, you may want to consider one of the national insurance carriers that offer national provider networks so that your dependents have access to in-network providers in most locations. (Regional insurance carriers *may* offer in-network coverage outside of their regional service area through partnerships with other carriers. You can contact the insurance carrier for details.)

Do not rely on your provider's office to know the carriers' network(s). You need to call the insurance carrier to confirm whether an out-of-area provider participates in a carrier's network.

If your insurance carrier name includes a state, this refers to the location the carrier operates from (i.e., which state has primary jurisdiction over the laws, rules, and regulations the carrier follows). In general, it isn't a reference to the network—many offer coverage nationally.

15. How do I decide which medical option is right for me?

You'll have access to a number of resources to help you make smart decisions. You should start by visiting the Make It Yours website at premiercompany.makeityoursource.com to access videos, details about your options, comparison charts, and more.

Then, when you enroll, you'll be able to see the credit amount from Premier Company and your price options on the Premier Company Benefits website at premiercompany.benefitsnow.com or the Alight Mobile app. You'll also be able to access tools that give you a personalized suggestion, help compare the details of your options, let you see insurance carrier ratings, and more.

If you need additional help, once logged on to the Premier Company Benefits website, look for the "Need Help?" icon to ask Lisa, your virtual assistant, any questions you may have. Lisa can also connect you with a web chat representative and other helpful resources. For additional support, you can schedule an appointment with a customer service representative through the Premier Company Benefits website. You can also call the Premier Company Benefits Center at X.XXX.XXX.XXXX from 8:00 a.m. to 6:00 p.m. ET, Monday through Friday.

16. How can I find the medical option that's most like the one I have today?

That's a good question. You may currently have medical insurance with a carrier who is also an option for you next year. This is not the same plan, and the provider networks are different from what you could have today. You need to take a close look at the coverage options and carrier networks to decide which will meet your needs best.

When you enroll, you'll have lots of tools and resources available to help you make decisions. It will be easy to compare your options on the Premier Company Benefits website because you'll be able to sort them by the features that are most important to you. You can also call the insurance carriers with specific questions about the options they offer.

17. Will pre-existing conditions be covered?

Yes. When you enroll in medical coverage through the exchange, coverage is guaranteed, regardless of whether you and/or your eligible dependents have pre-existing conditions.

18. How will my prescription drugs be covered?

Your prescription drug coverage will be provided through your pharmacy benefit manager—which could be a separate prescription drug company. Each pharmacy benefit manager has its own rules about how prescription drugs are covered. That's why you need to do your homework to determine how your medications will be covered before choosing an insurance carrier.

If you or a covered family member regularly takes medication, it is strongly recommended that you call the medical insurance carrier before you enroll to better understand how your particular prescription drug(s) will be covered. Do not assume that your generic or brand name medication will be covered the same way by each carrier each year. Visit the Make It Yours website for a [list of questions](#) to ask.

19. What is “prior review” and when is it required?

Before getting certain types of care, you or your doctor may be required to run it by your insurance carrier first. Getting “prior review” (also referred to as prior authorization or precertification) allows the carrier to make sure you’re eligible for the services, ensure you’re getting care that makes sense for your condition, and confirm how the bill is going to be paid.

Who completes the process depends on where you get care:

- When you stay in network, your doctor usually completes the process on your behalf when it's required. Always confirm with your doctor to be sure they are handling it.
- If you go out of network, you are usually responsible for completing the process. You may have to work with your doctor or directly with your insurance carrier to fill out paperwork and receive the appropriate approval before getting care.

When prior review is required and you don't get preapproved, you could get stuck paying most or all of the bill or a penalty. For that reason, it's always in your best interest to ask your doctor whether you need to do anything in advance and confirm that services you need will be covered by your insurance carrier.

20. Will I receive a new ID card for medical and prescription drug coverage?

You'll receive a new ID card when you enroll for the first time. You'll use your ID card for medical and prescription drug needs.

You should receive ID cards before your benefits take effect. If you need an ID card immediately, go to your [insurance carrier's website](#), register online, and print a temporary ID card.

21. What do I need to know about dental networks?

Just like the medical insurance carriers, each dental carrier has its own provider networks that can vary by the coverage level you choose. If it's important that you continue using the same dentist, you should check to see whether your dentist is in the network before you choose a carrier.

Do not rely on your provider's office to know the carriers' networks. To see whether your dentist is in network:

- Check out the [insurance carrier](#) preview sites.
- When you enroll, check the networks of each insurance carrier you're considering on the Premier Company Benefits website.

If you are considering a Platinum dental option:

- It may cost less than some of the other options, but you **must** get care from a dentist who participates in the insurance carrier's DHMO network. The network could be considerably smaller, so be sure to check the availability of local in-network dentists before you enroll.
- The Platinum dental option does **not** provide out-of-network benefits. So if you don't use a network dentist, you'll pay for the full cost of services.

22. What do I need to know about vision networks?

Each vision insurance carrier has its own provider network. If it's important that you continue using the same eye doctor or retail store, you should check to see whether your eye doctor or retail store is in the network before you choose a carrier.

Do not rely on your provider's office to know the carriers' networks. To see whether your eye doctor or retail store is in network:

- Check out the [insurance carrier](#) preview sites.
- When you enroll, check the network of each insurance carrier you're considering on the Premier Company Benefits website.

23. What other benefit options are available to me through the exchange?

You can choose to supplement your medical coverage with:

- **Critical illness insurance:** Pays a benefit if you or a covered family member is treated for a major medical event (such as a heart attack or stroke) or diagnosed with a critical illness (such as cancer or end-stage kidney disease).
- **Hospital indemnity insurance:** Pays a benefit in the event you or a family member covered under this plan is hospitalized.
- **Accident insurance:** Pays a benefit in the event you or a family member covered under this plan is in an accident.

You can also choose to enroll in:

- **Supplemental life insurance:** Protects your family financially in the event of a death.
- **Supplemental accidental death and dismemberment (AD&D) coverage:** Protects your family financially in the event of a tragic accident.
- **Voluntary long-term disability coverage:** Provides you with income if you are unable to work due to an illness or non-work-related injury.
- **Legal services:** Covers attorney fees for things like wills, real estate matters, and more.
- **Identity theft protection:** Monitors your personal information and takes steps to protect you from fraud.

You can get more details on the Make It Yours website at premiercompany.makeityoursource.com.

24. What else is available to me through the exchange?

As part of our participation in the exchange, we are able to take advantage of group negotiated discounts. You can obtain discounted coverage for:

- **Auto and home insurance:** Offers you special group rates and policy discounts on auto and home insurance.
- **Pet insurance:** Helps pay veterinary expenses for your sick or injured dog or cat.
- **International vacation medical coverage:** Covers any medical needs that arise during travel outside the United States.

You also have access to other services through the exchange:

- **Expert second opinion with 2nd.MD:** Makes it easy to get a virtual second opinion from nationally recognized doctors. To get started, simply visit 2nd.MD/premiercompany or call 1.866.887.0712.

- **Bill negotiation services:** Offers assistance reviewing out-of-network medical bills, negotiating medical bill costs with doctors and hospitals, and creating a payment plan for medical-related expenses.

You can get more details on the Make It Yours website at premiercompany.makeityoursource.com.

Paying for Coverage

25. Will I have to pay more for medical coverage?

It depends. Unlike in the past when Premier Company had to set the price, you get to decide how much you want to pay for coverage through the exchange. You can choose the coverage level you want from the insurance carrier offering it at the best price. There are other factors that impact how much you pay too, including your credit amount from Premier Company and how many family members you cover. The result is that you could end up paying more—or less—for coverage than you do today.

Keep in mind, you'll pay the cost of medical (and dental and vision) coverage with before-tax dollars.

26. When will I find out the cost of coverage?

During the enrollment window, you'll be able to see the credit amount from Premier Company and your price options when you enroll on the Premier Company Benefits website at premiercompany.benefitsnow.com or the Alight Mobile app.

27. Do I get to keep the Premier Company credit if I don't enroll in coverage?

No. The credit you get from Premier Company is for the medical/prescription drug and dental coverage you purchase through the exchange. A cash refund or credit for other benefits is not available.

28. What's a deductible and how does it work?

The deductible is what you pay out of your own pocket before your insurance carrier begins to pay a share of your costs. If you have a deductible, you pay the full "negotiated" costs of all in-network services until you meet your deductible. The "negotiated" costs are the payments providers (doctors, hospitals, labs, etc.) have agreed to accept from the insurance carrier for providing a particular service.

How the medical deductible works depends on your coverage level:

- **The Bronze and Gold medical coverage levels have a traditional deductible.** Once a covered family member meets the *individual* deductible, your insurance will begin paying benefits for that family member. Charges for all other covered family members will continue to count toward the family deductible. Once the family deductible is met, your insurance will pay benefits for all covered family members.
- **The Bronze Plus and Silver medical coverage levels have a "true family deductible."**¹ This means that the entire family deductible must be met before your insurance will pay benefits for any covered family members. There is no "individual deductible" in these coverage levels when you have family coverage.

To clarify, if you choose a Bronze Plus or Silver coverage level, the individual deductible only applies if you cover just yourself. If you choose to cover dependents too, you must satisfy the family deductible before coinsurance will kick in, even if only one family member has expenses.

- **The Platinum coverage level does not have an in-network deductible.** Keep in mind, though, that as a trade-off for no deductible, the Platinum coverage level is usually the most expensive coverage level per paycheck.

The annual deductible doesn't include copays or amounts taken out of your paycheck for health coverage.

Do you use out-of-network providers? Out-of-network charges do not count toward your in-network annual deductible; they only count toward your out-of-network deductible.

¹Exception: If you live in California, cover dependents, and enroll under Health Net or Kaiser Permanente at the Bronze Plus or Silver coverage level, you will have a traditional annual deductible. No member in the family will pay more than \$3,000 toward the family deductible.

29. What's an out-of-pocket maximum and how does it work?

The annual out-of-pocket maximum is the most you and your covered family members would have to pay in a year for health care costs. The annual out-of-pocket maximum doesn't include amounts taken out of your paycheck for health coverage or certain copays under the Gold and Platinum coverage levels. How the medical out-of-pocket maximum works depends on your coverage level.

The Bronze, Gold, and Platinum coverage levels have a traditional out-of-pocket maximum. Once a covered family member meets the *individual* out-of-pocket maximum, your insurance will pay the full cost of covered charges for that family member. Charges for all covered family members will continue to count toward the family out-of-pocket maximum. Once the family out-of-pocket maximum is met, your insurance will pay the full cost of covered charges for all covered family members.

The Bronze Plus and Silver coverage levels have a "true family out-of-pocket maximum."¹ This means that the entire family out-of-pocket maximum must be met before your insurance will pay the full cost of covered charges for any covered family member. There is no "individual out-of-pocket maximum" in these options when you have family coverage.

Do you use out-of-network providers? Out-of-network charges do not count toward your in-network annual out-of-pocket maximum; they only count toward your out-of-network out-of-pocket maximum.

¹Exception: If you live in California, cover dependents, and enroll under Health Net or Kaiser Permanente at the Bronze Plus or Silver coverage level, you will have a *traditional* annual out-of-pocket maximum.

30. What's a Health Savings Account (HSA)?

An HSA is a special bank account that you can use when you enroll in a Bronze, Bronze Plus, or Silver coverage level. It allows you to set aside tax-free money to pay for qualified health care expenses, like your medical, dental, and vision copays, deductibles, and coinsurance. Because you'll be responsible for 100% of your medical and prescription drug expenses until you meet your deductible in the Bronze, Bronze Plus, or Silver coverage levels, an HSA is a great way to pay less for those out-of-pocket expenses because you're using tax-free money.

Just make sure you use money in your HSA only for qualified health care expenses. If you use money in your HSA for unqualified expenses, you'll pay income taxes on that money and an additional 20% penalty tax if you're under age 65. Keep careful records of your health care expenses and withdrawals from your HSA, in case you ever need to provide proof that your expenses were qualified.

You can decide whether to enroll in an HSA and how much (if any) money you want to contribute. If you don't have a lot of health care expenses, your money can stay in your account year to year and earn tax-free interest. Also, the money is yours to keep even after you no longer work for the company. If you have questions about the use and appropriateness of an HSA as it applies to your specific situation, you should consult a tax professional.

31. Why would I want to use an HSA?

An HSA lets you set aside money to pay for qualified health care expenses, like your medical, dental, and vision copays, deductibles, and coinsurance. You decide how much money you want to

contribute, and you can change your contribution election at any time. If you don't have a lot of health care expenses, your money can stay in your account year to year.

The HSA has the following tax advantages:

- Your contributions to an HSA are tax-free, meaning that they are deducted from your paycheck before taxes are taken out.
- Interest earnings on your HSA balance are not taxed.
- You are not taxed on the HSA dollars when you use them to pay qualified expenses.

32. How is an HSA different from a Health Care Flexible Spending Account (Health Care FSA)?

While both accounts offer a tax-free benefit when you pay for eligible medical, dental, and vision expenses, they differ in several key ways. Compare their [differences](#) on the Make It Yours website.

33. Can I enroll in both an HSA and a Health Care FSA?

Yes. If you enroll in the Bronze, Bronze Plus, or Silver coverage level, you can use an HSA, a Health Care FSA, or both an HSA and a limited purpose Health Care FSA. If you have an HSA and a Health Care FSA, in order to contribute to an HSA, your FSA will be "limited purpose" and can only be used to pay for qualified dental and vision expenses. However, once you meet the medical deductible, then it can be used toward eligible medical and prescription drug expenses as well. Your HSA can be used for eligible medical and prescription drug, dental, and vision expenses.

34. Why would I want to use both an HSA and a limited purpose Health Care FSA?

Both accounts allow you to pay for eligible expenses with tax-free dollars. The biggest difference between the accounts is that your HSA balance rolls over from year to year, even if you change medical plans, leave the company, or retire. With the Health Care FSA (whether limited purpose or not), any unused balance is forfeited at the end of the year.

It may not be advantageous to enroll in both, except in unique situations. For example, if you expect to have higher expenses than your HSA balance can cover (based on the maximum you can contribute each year), you may also want to contribute to the limited purpose Health Care FSA to pay for those expenses with tax-free money once the medical deductible is reached.

35. Can I contribute to an HSA if I am covered under my spouse's general purpose Health Care FSA?

No. If your spouse's general purpose Health Care FSA covers your medical expenses, it would be considered other health coverage and you would not be eligible to contribute to an HSA.

36. Can I contribute to an HSA?

In order to contribute to an HSA, you need to meet the following criteria:

- You must be enrolled in a high-deductible option at the Bronze, Bronze Plus, or Silver coverage level;
- You cannot be enrolled in Medicare or a veteran's medical plan (TRICARE);
- You cannot be claimed as a dependent on someone else's tax return;
- You cannot be covered by any other health insurance plan, such as a spouse's plan, that is not a high-deductible option; and
- You cannot be enrolled in a general purpose Health Care FSA, but you may be enrolled only in a limited purpose Health Care FSA.

You can use money from your HSA to pay your dependents' health care expenses as long as you claim them as dependents on your federal income taxes (generally children up to age 19 or under age 24 if they are full-time students).

37. Will my HSA administrator change?

Yes. The HSAs offered through the exchange will be administered by Alight Smart-Choice Accounts. If you already have an HSA with an account balance, you can continue to use it for qualified health care expenses at any time in the future. Or, you can transfer unspent money into your new HSA so you don't have to manage two separate accounts. During enrollment, you'll be asked if you want to transfer your current HSA funds into your new HSA through Alight Smart-Choice Accounts. There are no tax penalties for transferring money from one HSA to another.
